PROFESSIONAL IRONING SYSTEM

PROFESSIONAL IRONING SYSTEM

Water capacity 3,5 l
Heating time 20'
Inox boiler 18/10
Ironing autonomy up to 8h

Working pressure 3,0 bar
Antiscale system
Steamhose holder with extension
Anti-dripping soleplate

CMM875

2. Professional iron with metal holding structure and micro switch on the side that can be easily moved to the opposite side (for left handed people).

1. Stainless steel body

3. Professional solenoid valve with incorporated steam delivery adjustment.

4. Large capacity for long lasting autonomy: up to 8h

5. Removable silicon mat

OPTIONAL ACCESSORIES

01. PTFE (Teflon®) sole

02. Filling bottle

03. Filler funnel

04. Descaling powder bags

SPECIFICATIONS

Max Power 220-240 Vac / 50-60 Hz	2300 W
Boiler volume	4,5 l
Boiler material and thickness	AISI 304 - 1,5 mm
Boiler heating power	1450 W
Iron power	800 W
Steam output	up to 120 g/min
Steam delivery adjustment	Manual
Useful cable length	3,4 m
Reference	CMM875
